

Family Trees make a unique and meaningful gift to a family member and are a fantastic way to commemorate a special birthday, anniversary or just as a way to celebrate your family

I can provide you with a completely bespoke piece of artwork detailing family members along with birth dates, wedding dates or any other special information you choose to have.

I am able to frame the print for you in a variety of options from plain white or black, solid oak, or something more ornate if you wish. Alternatively you can have the print unframed and choose your own frame at your leisure.

The trees are currently available in either black and white or full colour and in a choice of oak leaves and acorns, or apple blossom and leaves. If you would prefer a different kind of tree, then please allow extra time for artwork preparation.

The design of your tree is always different and the artwork does take time to produce, so do try to order in plenty of time especially if you would like it for a special occasion. I work closely with you at every stage to ensure that you are happy with the design and that the details are correct.
